

Non Window Full Colour Envelope Guide and Template

1300 73 48 73
info@redder4.com.au

This template will assist you in designing and ordering your full colour envelopes. On the right you will find the full colour envelope template and you will find a few brief instructions and guidelines for creating your design and how to place your order. This PDF can be opened in your choice of design program.

Setting up and sending your file for print.

We accept Adobe Illustrator files, PDF's and Corel Draw.

If you are sending an Illustrator file, please have all of your design in the one document, as per the example shown here.

If you are sending a PDF file, please have all of your design in the one document, as per the example shown here.

If you are sending a Corel Draw file, please have all of your business card design in the one document, as per the example shown here.

We do not require any crop, trim or registration marks.

Placing Your Order

Please leave these guides on when submitting your order, our staff will remove these prior to proofing and printing.

Once you have completed your design and are ready to go ahead with printing, simply forward an email to: **info@redder4.com.au** with the envelope type, quantity and design file.

Once the order has been received, an order confirmation and proof will be returned to you to confirm all the details of your order.

If you have any questions, please contact our design team **design@redder4.com.au**

Bleed Size - 270x254mm

Final Size - 268x250mm
